

Léïc Godbout

Va jouer dehors

Manifeste pour une architecture aux joues rouges / Tome 13

De la photographie

« Critiquer, c'est se mettre dans la peau de l'autre et essayer de comprendre ce qu'il a voulu faire »¹.

¹ Henri Cartier-Bresson / Entretien avec Pierre Assouline, juillet-août 1994.

Va jouer dehors

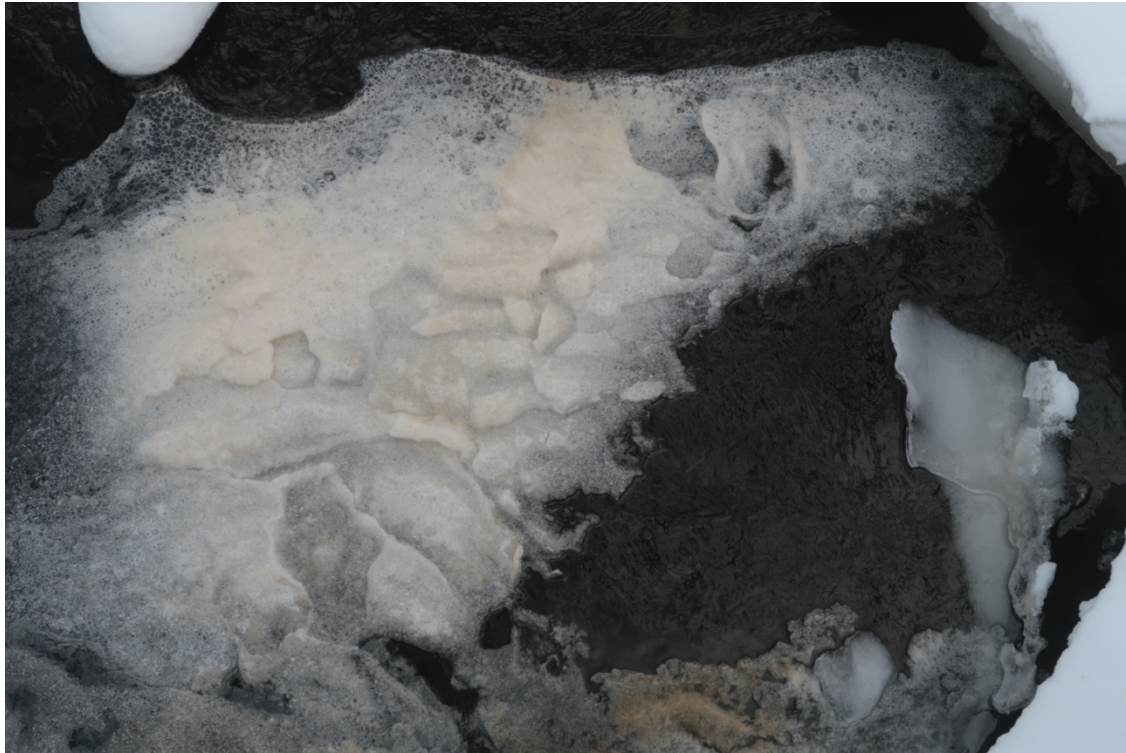

Alors que le texte semble parfois remplacer l'image, en voici un pour la propulser :

« [Montrer] *comment la photographie peut embrasser et rendre tangibles différentes [...] préoccupations. [...] comment préservons-nous ce qui est précieux, comment protégeons-nous ce qui est vulnérable ? [...] des souvenirs que l'on veut chérir à l'avenir meilleur qu'on veut façonner [...] chercher de la proximité là où la distance menace, [...] trouver de la douceur là où la dureté domine. [Cela] requiert du temps, nécessite de s'arrêter sur ce qui, souvent, passe inaperçu* »².

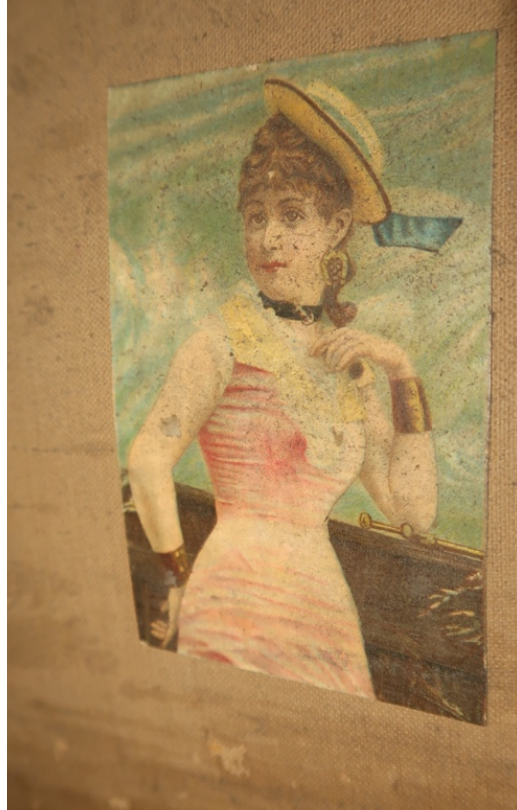

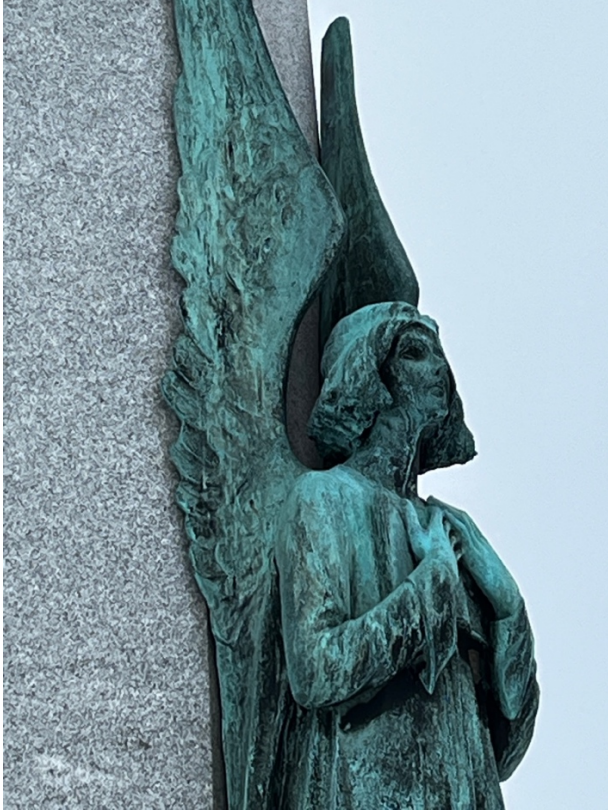

².tiff 2025 : *photographie belge émergente* 13^e édition présentée au FOMU du 28 juin au 28 septembre 2025.

Remerciements

Merci mille fois à Monique et Pierre pour ce programme double (Rotterdam-Anvers) absolument fantastique !

Va jouer dehors

Léric Godbout a grandi entre Québec, où il est né en 1972, Ottawa et l'Île-du-Prince-Édouard. Il a ensuite étudié à l'École d'architecture de l'Université Laval, à celle de Grenoble puis à Hà Nội au Vietnam. Après avoir été stagiaire dans différents bureaux d'architectes à Lausanne, Montréal et Saint-Hyacinthe, il travaille à Gatineau, Trois-Rivières et Québec, où il a aidé pendant une quinzaine d'années de vieux édifices attachants à poursuivre leur chemin. Il se penche depuis sur les failles de bâtiments de toutes les époques. *Va jouer dehors* regroupe ses meilleures photographies, de façon parfois intrigante, tantôt souriante, ouvrant la porte au plaisir de réfléchir et de s'émerveiller.
